Subject: Registration in the National Register of Chemical Products (QUIMICAS QUIMXEL S.L.)
Reference: E-mail dated 24/06/2014

We hereby inform you that the electronic data of the QUIMICAS QUIMXEL S.L. products sent to us (e-mail dated 24/06/2014) has been uploaded in the National Register of Chemical Products.

Please find in the following Table the NEW registered products with their respective registration number (ID No).

ID No	TRADE NAME
22809	KOREN
22810	OXIDOC PLUS
22811	AMBIXEL LIMON
22812	BLANCLOR
22813	BRINOX

The Identification Number (ID No) assigned to each registered product, should be used in future communication. In case of any changes in the trade name, the composition and/or classification of registered products, **NEW REGISTRATION** is required for each product that bears respective change. **Please use a proper suffix (eg/2014) at the end of the product's name**, to distinguish the new entry from the previous one.

Please do not hesitate to contact us in case you need further information.

Head of Directorate of Environment

Dr Dimitra Daniil

Note: Registration in the NRCP and the ID No assigned to the product does not entail either correct classification of the registered products or compliance of Safety Data Sheets with current legislation.
